MEMORANDUM FOR: Office of Legislative Counsel

FROM : F. W. M. Janney
Director of Personnel

SUBJECT : H.R. 5544

REFERENCE : OLC informal note for DD/Pers dtd 27 Jul 77
re H.R. 5544

1. We have reviewed H.R. 5544 which provides a limit on and requires certain advance coordination in the Congress of positions which may be placed in the GS-16, GS-17 and GS-18 grade levels.

2. Our review of the Bill would indicate the Director's authority to establish and fix the rates of pay for supergrade positions remains unchanged. H.R. 5544 applies only to government departments that meet the definition of "agency" in Title 5, Chapter 5102, in which CIA is expressly excluded. We do not read Section 2(a)(2) of H.R. 5544 (lines 4 through 8 on page 3) as changing this exclusion, nor do we read lines 20-25, page 3 as changing our authorities with regard to scientific or professional positions outside the General Schedule.

3. Because of the exclusion in Title 5, Chapter 5102, the Agency has never relied on Chapter 5108 for the authority to establish supergrade or SPS positions. The control on these positions is exercised by the Office of Management and Budget through the annual review of our budget submissions.

4. While the above is our opinion there remains some uncertainty regarding the meaning or intended meaning of lines 4-8 on page 3 of the Bill. We suggest, therefore, that OGC be asked to provide a legal opinion regarding those lines and advise specifically whether or not the Agency is included within the intent of H.R. 5544. If it is determined that the Agency is included we will review the Bill again and prepare a second statement based on that determination.

Page 3 This terminates the authority to establish certain positions in
lines 20-
